Bigfoot SMS Manager is a multi-sender SMS tool that allows you to send multiple SMS messages simultaneously from a single tray icon. Users can reply to SMS directly, which lets you reply from your mobile. The application also has a handy scheduler to make it easier for you to send all your SMS messages at a specific time. With Bigfoot SMS Manager you can send the following types of SMS messages Bigfoot SMS Manager Features: Send multiple SMS messages at once, within one go Make your SMS messages look really stylish Let recipients reply directly to you from your phone Create your own messages or use predefined messages Create messages on the fly or upload the ones from your computer Send messages to multiple phones at once Create messages that look exactly as you want Specify the recipient's number or group of numbers and date Time your message for delivery so you don't miss out on something important Highlight important information in your message Create messages that

look like photos, e.g. watermarked or with your own signature Send custom greeting SMS messages can be sent to your friends, colleagues, girlfriends and boyfriends and even your family and pets. You can also use Bigfoot SMS Manager to send SMS to multiple users and let them reply back to you. The application is very easy to use. First, click on "New Message". After that you have to fill in the subject and message you want to send. Once you have filled in all the details you want to make sure that your phone number and message are copied into the textbox. When you have finished filling in all the details you want, click on the "Send" button. If the information is correct, the message will be sent to all the contacts and the sender's phone number will be shown as well. The recipient will also receive a notification about the message that has been sent. Please note that users can also reply to you from your phone. This will also create a new message. If you want to reply to the message in order to keep the conversation open, users can click on "reply". If you want to view all the messages that you have sent to your contacts, click on the "view messages" link. If

you want to delete your messages and schedule the future ones
