Adobe is the company that produces Photoshop, Adobe Photoshop, Adobe InDesign, Adobe Illustrator and Adobe Creative Suite. It's the company that gives you all this software on your PC or Mac, makes it available for the iPad, and even gives you access to its software online. These days, Photoshop is ubiquitous. Most photographers find the free software available in the suite useful, but if you have a specific need not provided in the free version, you can upgrade to Photoshop CS5. Upgrading to Photoshop CS5 requires a \$199.00 registration fee. If you want to upgrade to Photoshop CS5 Extended, it's \$399.00, and the upgrade to Photoshop CS5 Pro is \$499.00. This obviously adds up, and new products
