What are the best online Photoshop tutorials? Photoshop is a very powerful piece of software used by graphic designers, web designers and photographers. This software is designed to edit any type of image, including photographs, web graphics and logos. It can be very intimidating and can also be expensive to purchase if you're a beginner. Thankfully, there are plenty of online tutorials that can teach you how to use the software. Free Photoshop Tutorials These tutorials are usually free and will take you through the basics of using Photoshop. Sometimes they cover common tasks such as combining images to create a collage or touching up a photo to brighten it up. Others are more targeted towards graphic designers or web designers, and will teach you about the tools that are available within Photoshop, including Photoshop Masking. What are the best Photoshop freebies? You can find some great Photoshop resources on freeware sites such as freesoftware.com and freepedia.com. There you can find Photoshop or graphics editing programs, which can be useful for editing logos, graphics and other types of files. Where can I find Photoshop brushes and textures? As well as Photoshop itself, a great place to find free Photoshop resources is the community forums, which will offer high-quality brushes and Photoshop textures. There are also some free samples on sites like freestocks.org. Commercial Photoshop Tutorials These are the types of tutorials that you'll usually find in an online tutorials section of a quality photography, graphic design or web design magazine. These will often be similar to the free Photoshop tutorials but are probably more in-depth and better quality. They tend to be slightly more expensive but will still be useful to those looking for a higher level of Photoshop editing. Do Photoshop tutorials make money? Yes, Photoshop tutorials do get their money from selling Photoshop tutorials and courses. If you need to purchase Photoshop tutorials, you can do it from their website, but there are plenty of other places to find them as well. The Photoshop tutorials, free or not, are another great way to learn how to use Photoshop. Watercolor is a new tool that is meant to give you easy control over the strokes used for painting. Scratchboard is a simple drawing tool based on a stencil brush. Drawing Layer is used to create a drawing without any drawing tools, though, you can use any desired brush, pen or a pen tool from there. What is a pen tool? A pen tool sets the position of a point on an image with the mouse or tablet pen. It draws lines, squares, circles, and arcs between points that you drag with the pen. There are many other tools in Photoshop as well, some are more specialized and some are more widely applicable. You may want to read about them here: The man charged with killing eight people at a Texas church has a history of anger, stalking, and domestic violence, according to a police report obtained by NBC News. Erick Serrato, the 26-year-old man accused of killing 26 people and wounding at least 20 at First Baptist Church in Sutherland Springs, left behind a troubled past that includes a troubled childhood, drug use and domestic violence, according to documents first reported by the San Antonio Express-News. Sutherland Springs Police Department Police said in an affidavit that they found methamphetamine in Serrato's car, which was parked behind the First Baptist Church, and discovered a bullet in the car's center console. The police said the gun was not registered to Serrato and that his father told them he had not seen Serrato since the day of the shooting. The police said that a friend of Serrato's texted police the day after the shooting, saying that he was worried about Serrato's emotional state, according to the Express-News. Serrato's friend, who police did not identify, also told police that Serrato had stalked his family in the past and had driven by the house of one of his relatives in the middle of the night and honked the horn, according to the documents. The police report, dated October 17, said that the friend reported that Serrato had recently had a run-in with a female acquaintance, who told him to leave her alone and that Serrato had a gun and threatened to shoot her. The police noted that a 2009 arrest by the Ochiltree
