Baba Nostradamus predicted that there would be a World war. He said that Europe would go and fight. Europe did go. Europe started a World War and it was pretty intense. You would have to read "the Book of World War" to see what kind of predictions Nostradamus had and why his predictions were, well, predictions. Who knows? Who cares? Baba Nostradamus was a 16th century French astrologer who made many prophecies and predictions. It was also thought that he had prophetic ability. Nostradamus' reputation for accuracy has varied depending on the predictions. Just finished reading The Book of the Black Gold by Nostradamus on 11/03/2016. I have always wanted to read his prophecies. Amazing reading experience. When Nostradamus said "the end of the world is near" you read the blog post yesterday just to confirm it. For me Nostradamus was just a crazy guy who predicted the end of the world and that it will be soon. Like in my case 21 years in three months. But Nostradamus never predicted the exact date or time for the collapse of the two twin towers. But what he did say was that the towers will collapse. And that day happened. And not just once. The towers were collapsed on the same day two times in 2003 and also in 2001. Michel de Nostredame, known as 'Nostradamus,' was a French astrologer, physician and reputed seer, who is best known for his book Les Prophéties which is a collection of 942 poetic quatrains allegedly predicting future events. First week of January, 2009, I was stuck at home with a high fever, and looking for a way to pass my time. Back to Nostradamus. I was able to find books on all of the first chapter prophecies that were proven to have come true. It was amazing to see that Nostradamus was a very talented individual. How he was able to predict what would happen some 200 years before by using simple forms to give a prophecy. It was absolutely interesting. 5ec8ef588b
