DaVinci Resolve Studio 15 is a powerful, easy-to-use, all-in-one post-production solution for motion pictures, television, games and web. You can create movies anywhere, from your smartphone to the cloud and on the go. DaVinci Resolve Studio 15.2 lets you work offline or online with clients, editors and colorists using the same project. DaVinci Resolve Studio makes it easy to work across media, tools and processes from project to deliver. DaVinci Resolve Studio is the only post-production application that combines offline and online editing, color correction, audio post-production and now visual effects all in one software tool. You get unlimited creative flexibility because DaVinci Resolve Studio makes it easy for individual artists to explore different tool sets. It also allows you to collaborate and bring people with different creative talents together. With a single click, you can instantly move between editing, color, effects, and audio. Plus, you never have to export or translate files between separate software tools because, with DaVinci Resolve Full Version, everything is in the same software application.
